HIGH SEAS™ ROSIN
Ghost Train Haze

THC 650 - 750mg/g | CBD < 10mg/g | TERPENES 4%

This cultivar specific full spectrum solventless rosin has a light caramel colour and a creamy yet slightly tacky texture. When melted, it unleashes intense waves of citrus and pine, paired with earthy notes and a fuel finish.

The experience is smooth, full bodied and bold in flavour, producing a powerful long-lasting Sativa effect.
